GRANTMAKING OBJECTIVES & TACTICS

High School Completion

OBJECTIVE: Identify and support effective transition supports and specialized pathways to enable more high school students to graduate ready for post-secondary education and/or employment.

TACTICS

Facilitate successful transitions to high school by funding:

- Improvement of systems to support middle school students' levels of high school readiness
- Programming to support a strong start in high school

Support specialized pathways to high school completion by funding:

- Effective dropout prevention practices in high schools
- High-quality reengagement programs, with a specific focus on career preparation/readiness, for students who have dropped out
- Coordinated efforts and infrastructure to provide high school students with college/career planning
